## IC 15 M10

## **Quartz Crystal Unit**

| Dimensions I/w/h in mm (max)          | 5,2 x 3,4 x 1,1            |
|---------------------------------------|----------------------------|
| Frequency                             | 10,0 MHz                   |
| Operating Temperature                 | -20°C to +70°C             |
| Frequency Tolerance at 25°C           | ± 30 ppm                   |
| Frequency Stability at -20°C to +70°C | ± 50 ppm                   |
| Storage Temperature                   | -55°C to +125°C            |
| Load Capacitance (CL)                 | 12,0 pF                    |
| Shunt Capacitance (CO)                | 5,0pF max.                 |
| Series Resonance (R1)                 | 100 0hm                    |
| Drive Level µW max.                   | 50 max.                    |
| Aging (df/F) first year at 25°C       | ± 2 ppm                    |
| Reflow Condition                      | 10 seconds at +260 °C max. |
| Contents Of Reel                      | 1000pcs                    |
| Part Number                           | 10261                      |
